Notes to the Joint Administrators' receipts and payments account for the period 14 January 2009 to 31 October 2017

Note 1

Account balances have all been reported in the distribution currency, GBP, in addition to the local currency, EUR.

Opening balances have been converted using January 2009 month-end spot rates and closing balances converted using October 2017 month-end spot rates which have been provided by the Company. This approach is in line with the Company's internal reporting procedures.

Transactions that have taken place through the accounts over the course of the reporting period (14 July 2017 to 31 October 2017) have been converted at average spot rates over this period, which have been sourced from Reuters.

Consequently, foreign exchange movements have occurred in the period as a result of fluctuations in currency conversion rates. These are translation movements only and do not reflect an actual receipt or payment.

Note 2

The numbers used to prepare the receipts and payments summary have been provided by the Company and are unaudited. Material items have been reviewed for accuracy and reasonableness.

Note 3

The amounts reported are inclusive of sales tax where applicable.

Note 4

Settlement Plans Support Agreement ("SPSA") locked box proceeds reflects the amount received by the Company from the locked box, in respect of the global business and intellectual property sales, as agreed under the global settlement agreement.

Note 5

The total FX translation movement to 31 October 2017 is a result of the fluctuations in exchange rates against GBP. As such the interim FX translation movement does not represent a true monetary gain or loss.
